

Doha College

Doha, Qatar, Arabian Gulf

Celebrating its 25th year in 2006, Doha College is a well established British Embassy sponsored 3-18 school with nearly 1,200 multi-cultural students from more than 50 countries. The College is committed to high academic excellence and is recognised as a centre for excellence in the region. We follow the National Curriculum of England and Wales, and students work towards GCSEs, AS and A2 Level examinations. Our Primary and Secondary sections work in harmony and share the same site. In 2007 our examination results, as ever, were excellent with 90% 5 x A* to C pass rate at GCSE and at A2, 68% of grades were A - B. Our students are eager to learn, mature, friendly and committed. Teaching is fun and rewarding.

Applications are invited from enthusiastic, motivated and professionally committed teachers who have recent experience of the National Curriculum and have a commitment to the ethos of our College.

We would be particularly interested in candidates who share our belief that learning occurs beyond the classroom.

TEACHER OF ENGLISH Required for September 2008

Our offer includes one of the best tax free salaries in the Gulf, accommodation, medical insurance, a generous annual travel allowance, baggage allowance, subsidised utilities and support with school fees for up to three dependent children. The initial contract is usually for two years, renewable annually thereafter.

Please submit applications via email (which must include a letter of application, photograph, CV and two referees with their email addresses and/or fax numbers) to Hilary Gee, HR Manager, at hrmanager@dohacollege.com.

Closing date for applications is 12.00noon on Wednesday 23 April 2008. Interviews will be conducted in Dubai on either Wednesday 7 May or Thursday 8 May 2008. Regretfully only those candidates shortlisted for interview will be contacted.

Applicants should be aware that married women are currently unable to sponsor their husbands.

Qatar ranks behind Norway and Luxembourg as the third richest country in the world and is a dynamic and thriving place to live and work. Qatar has an excellent climate featuring wall to wall sunshine, and the teaching package enables staff to enjoy a superb lifestyle. There are exceptional sporting and leisure facilities with regular international sporting and cultural events taking place in Qatar: these have included the 2006 Asian Games. Our posts suit dynamic, committed, flexible and positive colleagues who have maintained their level of professional development and are enthusiastic about the opportunities presented by teaching high ability young people.
